Producer Overview	<p>Santa Rosa is the original wine estate established by Zuccardi, an hour's drive south east of Mendoza in Argentina. There is a progressive move to organic farming with 50% of the 500ha estate now converted. Such are the desert conditions, evaporation is strong and without irrigation the vines would die very quickly. There is a large difference in temperature between night and day which ensures the grapes maintain a wonderful freshness. The grapes are harvested by hand, gently pressed and then fermented in stainless steel tanks at 16-18 ° C. There is a short 4-6 hour maceration resulting in a very pretty Provencal salmon pink colour, a welcome relief from the heavier South American roses on the market.</p>
